### **Prayer Partner Weekly Update**

*In making every effort to love and respect those who make prayer requests, it is our desire as a Church to provide all information (for which we have been given permission to share) so that we can pray faithfully for the needs and requests of others. Our heart is to make sure all are lifted in prayer, but also to respect the privacy of those who wish to keep certain information confidential.*

*In this light, when making prayer requests, it is important to let us know if any information is confidential and should not be shared with the public. Please know that you are loved, respected, and prayed for by your church family.*

My great nephew, Payton Sims, is approaching his 4<sup>th</sup> birthday. You may recall that we prayed for him as an infant as he was born with Single Ventricle Defect. We saw some miracles and went through various procedures. The next step is supposed to be when he is 4 to do major surgery to place a valve in his heart since he only has one. He saw the doctor today to schedule this and they said he was doing so well and has exceeded all expectations. They are going to wait another year to do this. Please continue to pray for him to continue to do well because the next step is a heart transplant.

Thank you  
Susan Cox
